## Traditional Cremation

We call this option “traditional” because it is exactly the same as a traditional funeral, the only difference is that we do not take your loved one to the cemetery, but rather the crematory. The body is present at the visitation and service, and the service can be held at any appropriate place of your choosing. We include:

- Our full service of experienced funeral directors.
- In person arrangements at our funeral home or your home.
- Funeral service with a one hour visitation and one hour private family viewing prior to the service.
- Oak ceremonial casket with cremation insert.
- All preparation and crematory charges.
- Register book, thank you cards, and custom memorial folders.
- Creation and posting of the obituary on our website.
- Transfer of remains into our care.
- Flower delivery and equipment vehicle.

Because there are so many options, we do not include a hearse, urn or cash advances. **Cash advances include things like clergy and musician honoraria, permits, death certificates, tax, and newspaper charges. \$7715.00**

## Memorial Gathering

This is very similar to what is offered above, except the body is not present at the service or visitation; although their cremated remains may be present. The memorial folders are more simple, and we place your loved one in a basic cremation container for your private family viewing.

- Limited Service of our staff
- In person arrangement at our funeral home or your home.
- Memorial service and a one hour private family viewing prior to the cremation.
- All preparation and crematory charges
- Basic cremation container
- Register Book, thank you cards and basic memorial folders
- Creation and posting of the obituary on our website.
- Transfer of remains into our care.
- Flower delivery and equipment vehicle.

Because there are so many options, we do not include an urn or cash advances.

**Cash advances include things like clergy and musician honoraria, permits, death certificates, tax, and newspaper charges. \$5075.00**

- and one hour private family viewing at some point prior to the visitation.
- Oak ceremonial casket with cremation insert.
- All preparation and crematory charges.
- Register book, thank you cards, and basic memorial folders.
- Creation and posting of the obituary on our website.
- Transfer of remains into our care.

## Memorial Visitation

This is similar to what is offered above, except the body is not present at the visitation and we place your loved one in a cremation container for your private family viewing rather than an oak ceremonial casket. **\$3905.00**

## Cremation Without Ceremony

Many funeral homes call this a “direct cremation,” however families tell us that we offer much more care. We include:

- Arrangements in our funeral home or your home.
- Creation and posting of the obituary on our website.
- A one hour private family viewing with a basic alternative cremation container in one of our chapels.
- Basic cremation container, crematory charges, and a temporary urn.
