

**Olson**  
FUNERAL & CREMATION SERVICES

Please accept our sincere condolences. We know you are receiving this email during a difficult time made more complicated by the fact that there are so many choices to be made. All losses are different, some more difficult than others but none are easy. Just know that at a time like this, we are here to serve you and offer as many clear options as possible. We are here to serve as your advocate and answer any and all questions that you may have. We are here for you, offering lifetimes of experience when you need it most. Following is a condensed version of our General Price List (GPL), pertaining to our cremation options only. Should you require burial options, please ask. Upon meeting with us, you will receive a copy of our GPL for your retention, this is a Federal Law that we follow in every circumstance.

# 1

## Traditional Cremation

We call this option “traditional” because it is exactly the same as a traditional funeral, the only difference is that we do not take your loved one to the cemetery, but rather the crematory. The body is present at the visitation and service, and the service can be held at any appropriate place of your choosing. We include:

- Our full service of experienced funeral directors.
- In person arrangements at our funeral home or your home.
- Funeral service with a one hour visitation and one hour private family viewing prior to the service.
- All preparation and crematory charges.
- Creation and posting of the obituary on our website.

Because there are so many options, we do not include a hearse, casket, printed materials, urn or cash advances. **Cash advances include things like clergy and musician honoraria, permits, death certificates, tax, and newspaper charges.**

**\$6305.00**

# 2

## Memorial Gathering

This is very similar to what is offered above, except the body is not present at the service; although their cremated remains may be present. The memorial folders are more simple, and we place your loved one in a basic cremation container for your private family viewing.

- Limited Service of our staff
- In person arrangement at our funeral home or your home.
- Memorial service with a one hour private family viewing prior to the cremation.
- All preparation and crematory charges
- Basic cremation container
- Creation and posting of the obituary on our website.

Because there are so many options, we do not include an urn, printed materials or cash advances. **Cash advances include things like clergy and musician honoraria, permits, death certificates, tax, and newspaper charges. \$4845.00**

# 3

## Visitation

We understand that not everyone wants a traditional ceremony but still may want a place to gather so that their friends can pay their respects. We include:

- Limited service of our staff
- In person arrangements at our funeral home or your home.
- Two hour evening or weekend visitation with the body present and one hour private family viewing at some point prior to the visitation.
- All preparation and crematory charges.
- Creation and posting of the obituary on our website.

Because there are so many options, we do not include a hearse, casket, printed materials, urn or cash advances. **Cash advances include things like clergy and musician honoraria, permits and death certificates, tax, and newspaper charges. \$3815.00**

# 4

## Memorial Visitation

This is similar to what is offered above, except the body is not present. **\$3545.00**

# 5

## Cremation Without Ceremony

Many funeral homes call this a “direct cremation,” however families tell us that we offer much more care. We include:

- Arrangements in our funeral home or your home.
- Creation and posting of the obituary on our website.
- A one hour private family viewing in a basic alternative cremation container in one of our chapels.
- Basic cremation container, crematory charges, and a temporary urn.

Because there are so many options, we do not include cash advances. **Cash advances include things like, permits and death certificates, tax, and newspaper charges. \$3127.00**

# 6

## Simple Cremation Online

We are always searching for ways to serve the community better, and we think this new arrangement tool will help many families who simply do not want the in-person advantage of a licensed Funeral Director. We include:

- Very limited service.
- Minimal cremation container. Upgrade available.
- Online arrangements.
- POSI- ID, online identification program.
- Permit, tax, and cremation.

We have designed this program to offer you more than what we have stated above should you choose additional options. We do not include cash advances (see above), private family viewing/ID (available for an additional \$195), obit creation or submittal, Olson website, evening transfer or remains, or register book package. However many of these options can be made available. Additional information can be found at ([www.olsonfh.com](http://www.olsonfh.com)) **\$1005.00**
